# Loom Knitting

## Lacy Shawl

### **Introduction**

Thank you for purchasing this Lacy Shawl pattern from Loom Knitting.

This pattern assumes you have some experience using single rake looms, including how to make the e-wrap and purl stitches. If you need help with these, please refer to our *Getting Started on the Round Loom* book and the *Additional Stitches and More Loom Knitting Basics* book.

If you have any questions or comments about this pattern, please contact us at [customerservice@loomknitting.com](mailto:customerservice@loomknitting.com).

Wishing you much success and pleasure with your loom knitting,  
Anne Bipes

**Overview:**

This lacy shawl is bordered by garter stitches to prevent curled edges. It can be made dressy or everyday by the yarn that you use. Use a thin stranded bulky yarn for a lacy fashion shawl, or use two strands together or a thicker yarn for a warmer shawl. It's the perfect wrap for a prom or wedding, or when the air conditioning at the office is turned up too high.

The sample shawl was knit on the round yellow Knifty Knitter loom using 3 skeins (1.76 oz., 83 yd) of Moda Dea Eden yarn in color #5341 Serpent.

**Skill Level:** Easy

**Materials Needed:**

- Large gauge round knitting loom with 41 pegs, such as the round yellow KK loom
- Crochet hook size J or K
- Hook tool
- Approx. 250 yds. yarn
- Scissors
- Tapestry needle

**Knowledge Required:**

- Crochet cast on (see notes below)
- Twisted stockinette (e-wrap) stitch
- Purl Stitch
- Flat removal method (see notes below)

**Finished Size:**

18" wide, 65" long. Exact gauge is not critical.

**Notes:**

- All knit stitches are twisted stockinette, made with the e-wrap stitch.
- New yarn skeins should be added at the beginning of a row so the woven in tails are less conspicuous.
- Cable Cast On. This cast on is like crocheting a single chain, but catching each peg with the underside bump. The two strands of the chain will be on the inner side of the peg, and one strand of yarn will be on the outer notched side of the peg.
  1. Make a slip knot 6" from the end of the yarn, and place it between pegs 1 and 41 (above the anchor peg).
  2. Put the crochet hook through the loop in the slip knot.
  3. Let the working yarn wrap around peg 1, and catch the yarn with the crochet hook.
  4. Pull the working yarn through the loop on the crochet hook.
  5. Let the working yarn wrap around the next peg, and catch the yarn with the crochet hook.
  6. Repeat step 5 until there is a loop on every peg, including peg 40.
  7. Put the loop remaining on the crochet hook onto peg 41.
- Flat Removal Method:
  1. The working yarn should be at peg 41.
  2. Put the loop on peg 2 onto peg 1.
  3. Knit off peg 1.
  4. Put the loop from peg 1 onto empty peg 2.
  5. Repeat steps 1 – 3 until there is one loop left on the loom.
  6. Wrap the peg and knit off. Cut the yarn, leaving a 6" tail.
  7. Wrap the peg and knit off again. Pull on the remaining loop until the cut end of the yarn comes through. Pull snug against the knit fabric.

**Directions:**

Cast on to 40 pegs using the crochet cast on method (see notes). Put the last loop on the crochet hook onto peg 41. Do NOT close the loop; you will be knitting back and forth to make a flat piece.

Row 1: Knit pegs 40 – 1.

Row 2: Purl pegs 2 – 40. E-wrap peg 41 and knit off.

Rows 3 – 4: Repeat rows 1 – 2.

Move the loops to their neighboring pegs as follows:

Loop 5 to peg 6

Loop 7 to peg 8

Loop 9 to peg 10

Loop 11 to peg 12

Loop 13 to peg 14

Loop 15 to peg 16

Loop 17 to peg 18

Loop 19 to peg 20

Loop 37 to peg 36

Loop 35 to peg 34

Loop 33 to peg 32

Loop 31 to peg 30

Loop 29 to peg 28

Loop 27 to peg 26

Loop 25 to peg 24

Loop 23 to peg 22

Loop 21 to peg 20 (There will be three loops on peg 20.)

Row 5: Starting with peg 40, e-wrap all pegs with loops on them and knit off, leaving one loop on each peg.

Row 6: Purl pegs 2 – 4, e-wrap all pegs 6 – 36 with loops on them, purl pegs 38 – 40, e-wrap peg 41. Knit off e-wrapped pegs.

Repeat rows 5 – 6 seventy times.

Next row: Starting with peg 40, e-wrap pegs that have loops on them, and pass the yarn in front of empty pegs. Knit off pegs with 2 loops on them.

Next row: Purl pegs 2 – 40. E-wrap peg 41 and knit off.

Next row: Knit pegs 40 – 1.

Next row: Loops created on this row should be loose enough to reach the neighboring peg when stretched. Purl pegs 2 – 40. E-wrap peg 41 and knit off.

Remove the shawl from the loom with the flat bind off method.

Weave in yarn tails along edges.
